

# Machine Learning Phase Template

---

Project Topic: Empowering India – Analysing the Evolution of Union Budget This document provides a structured template for the specified project phase. Fill in each section with detailed project-specific content, diagrams, and analysis.

1. Problem Statement
2. Dataset Description (Historical Union Budget Data)
3. Data Cleaning & Feature Engineering
4. Model Selection (Regression, Time Series, etc.)
5. Training & Testing Split
6. Model Evaluation (Accuracy, RMSE, MAE)
7. Model Optimization
8. Deployment Plan
9. Results & Interpretation
